

Office: Dalila HAKER (TCH CNRS)
common services: Clément DOUCET (AJT SU)

Director: Dr. Gilles CRAMBERT
Deputy director: Pr. Pascal HOUILLIER

Homeostasis of salt and K⁺ : regulation and disorders

G. Crambert* (DR2 CNRS)
G. Planelles (DR2 INSERM)
K. Laghmani (CRCN CNRS)
M. Paulais (CRCN INSERM)
L. Cheval (90% IR CNRS)*#
S. Demaretz (IE SU)[§]
L. Morla (IE CNRS)*
S. Lasaad (PhD)
J. Billiet (M2 SU)

Homeostasis of divalent ions : regulation and disorders

P. Houillier (PUPH UPC)
S. Lourdel (MCU SU)
C. Prot-Bertoye (PH CDD APHP)
E. De Combiens (PhD)
G. Brideau (80% IR CNRS)*
N. Frachon (90% AI INSERM)*
L. Cheval (90% IR CNRS)*
P. Muthan (CDD)

Mechanisms of urine concentration and related disorders

N. Tabibzadeh (MCU-PH UPC)
M. Himbert (M2 UPC)

Genetic and translational research on tubulopathies

A. Blanchard (MCUPH UPC)
R. Vargas-Poussou (PH APHP)
S. Baron (MCUPH UPC)

Kidney function Investigation facility

G. Brideau (80% IR CNRS)*[£]
N. Frachon (90% AI INSERM)*
L. Morla (IE CNRS)*
L. Cheval (90% IR CNRS)*#

TOTAL STAFF

Total : 21 people

- ◆ **17 Permanent** including:
 - **4 Full-time** Researchers (INSERM – CNRS)
 - **5 Clinicians** (UPC)
 - **1** Associated Prof (SU)
 - **7** Engineers

- ◆ **2 fixed-term contracts** including:
 - **1** Engineers
 - **1** Post-docs/equivalent

- ◆ **2 PhD students**

* Time shared between groups

Health and safety responsible
